

Editorial

Dear Reader,

The journal is published twice a year in June and December. Previous issues contained about 8 - 12 articles, comprised of regular papers, short communications and occasionally, review articles. The current issue, which is Vol. 6 Issue No. 1 published in June 2010 contains 16 articles. Due to increasing number of submissions we are also increasing the number of articles in the coming issues.

Since Jan. 2009 (Vol. 5, Issue No. 1), MJM started publishing on-line early views of accepted papers. These papers are labelled as un-corrected proof. As of Jan to Dec 2009 a total of 102 papers have been received.

We have seen a gradual increase in the number of articles submitted to MJM over the past 4 years since the journal was first launched in 2005. This is a good sign that the journal is gaining a good reputation among researchers worldwide.

On behalf of the Editorial Board, I would like to thank all contributors for choosing MJM to publish their excellent works. Also, I am very grateful to all our expert reviewers for their time and voluntary efforts to review the articles submitted to MJM.

Enjoy reading MJM and thank you for your support!
